NOTES:

¹Choose one course from each of the Core Requirements listed on the reverse side.

²Course may satisfy both a Major and a Core requirement. PSYC 101 will satisfy the Human Behavior & Social Institutions Core requirement, two (2) Science Electives will satisfy the Scientific Endeavor and the Science in Context Core requirement.

³Students may select "free electives" for personal enrichment **OR** for Minor and/or Second Major Requirements.

⁴**PSYC 220 is a prerequisite for PSYC 221. It is recommended that students take PSYC 220 and PSYC 221 in their sophomore and/or junior year. Students do not have to take PSYC 220 and PSYC 221 in the same academic year consecutively. Taking PSYC 220 and 221 during the freshman year is strongly discouraged.**^{PR} Course has a prerequisite – check college catalog.

^{CR} Course has a corequisite – check college catalog.

General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs **or** if the student elects to pursue a second major. Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives."
