## PROGRAM DESCRIPTIONS

### ADVISING/TECHNOLOGY SESSION | MCGOWAN SCHOOL OF BUSINESS

Students will review the Self-Service – Student Planning section to view their schedule, see room locations, find their advisor and have a brief presentation on how to add/drop courses and use the progress report. The Technology session offers an introduction to technological resources available at King's and seeks to verify that students can access and log-in to those resources. Topics covered will include, password creation, Outlook email, Self-Service, Office 365, Moodle, Campus Shield, and online training resources.

### DIVERSITY/INCLUSION | CAMPUS CENTER 3FL

Tackle different components of diversity, equity, and inclusion (DEI) in a fun and engaging way. Participate in our meaningful conversations, competitive fun, and find out how King's values DEI across campus.

### CAMPUS SAFETY | BURKE AUD., MCGOWAN SCHOOL OF BUSINESS

Students will learn about safety on our campus and in the surrounding area. The presentation will review our Campus Shield app and security measures to be aware of as you begin your college experience.

### WELLNESS | MAFFEI THEATRE, ADMINISTRATION BUILDING

Wellness is about achieving optimal vitality and not just avoiding sickness. This session will touch on pillars of wellness: physical, nutritional, emotional, social, spiritual, intellectual, financial, and environmental.

### ZERO SHADES OF GRAY | CAMPUS CENTER 3FL

This program sets the tone that there are no disclaimers, no clauses, and no fine print when it comes to how people feel about being sexually assaulted or raped. It's serious to the victim, and this session helps students understand that this isn't a victim problem, it's a problem on all levels.

### BREATHE NOLAN BREATHE | BURKE AUD., MCGOWAN SCHOOL OF BUSINESS

A documentary born from tragedy but inspired a national safety campaign. This film opens an honest dialogue and educates young adults to ensure preventable situations like this never happen again.
