Total Credits Required for Graduation = 120

General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs <u>or</u> if the student elects to pursue a second major. Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives."

NOTES:

^{*}To be considered "full-time," a student must carry a minimum of 12 credits per semester, however, may take up to 17 credits without being charged an overload. (for more information about credit loads, please see the college catalog).

¹Choose one course from each of the Core Requirements listed on the reverse side.

²Course may satisfy both a Major and a Core requirement. For Education (PK-4) / Special Education (PK-12) majors, HIST 111 satisfies the History Core requirement, MATH 101 and MATH 102 together satisfy the Quantitative reasoning Core requirement, PHYS 100 satisfies the Scientific Endeavor Core requirement, NSCI 170-199 satisfies the Science in Context Core requirement, PSYC 101 satisfies the Human Behavior & Social Institution Core requirement.
