iotal credits required for Graduation – 120				

NOTES

¹Choose one course from each of the Core Requirements listed on the reverse side.

² Course may satisfy both a Major and a Core requirement. BIOL 113 and CHEM 113 satisfy the Scientific Endeavor and Science in Context Core requirement. MATH 125 will satisfy the Quantitative Reasoning Core requirement.

 $^{^3}$ Students may select "free electives" for personal enrichment $\underline{\textbf{OR}}$ for Minor and/or Second Major Requirements.

⁴The standard semester course load is five courses consisting of 15 – 17 credits. A student may take 18 credits if the science lab puts them over 17 credits (for more information about credit loads, please see the college catalog).

PR Course has a prerequisite – check college catalog.

[•] Students considering the Physics track should take PHYS 113, 113L, 114, & 114L during their freshman year in exchange for the Biology courses.
