Total Credits earned at King's College = 100

#### Notes

<sup>\*</sup> PHYS Elective required for the King's degree satisfied by any junior or senior level mechanical engineering course at Notre Dame or Washington University

# **Physics – Mechanical Engineering Track**

# 3+2 Dual Degree Engineering Program

## Suggested Sequence

A suggested course sequence of degree requirements is listed below. Refer to the college catalog for course titles, descriptions, and prerequisites. Always consult your Academic Advisor when planning and scheduling your classes.

King's College							
Fall	Credits	Spring	Credits				
CHEM 113 <sup>2</sup> Gen. Chem. I	3	CHEM 114PR Gen. Chem. II	3				
CHEM 113L Gen. Chem. I Lab	1	CHEM 114L <sup>PR</sup> Gen. Chem. II Lab	1

## Total Credits earned at King's College = 100

Students apply for transfer admission to the University of Notre Dame or Washington University in St. Louis after completion of the Fall semester of their 3<sup>rd</sup> year. Students must have satisfied King's College academic guidelines, as well as the following general criteria:

- For Admission to the University of Notre Dame
- o Cumulative grade-point average (GPA) of at least 3.6 on a 4.0 scale.
- o Cumulative technical grade-point average of at least 3.6 on a 4.0 scale (all math, science and engineering courses)
- $\circ\,$  GPA must be maintained through Spring Semester of Year 3
- o All grades that transfer to Notre Dame must be a "B" or higher, and grades for all courses taken at King's must be a C or higher
- o At least 60 credit-hours of work that can be transferred to satisfy Notre Dame engineering and general education degree requirements
- For Admission to Washington University in St. Louis
  - o Cumulative grade-point average (GPA) of at least 3.25 on a 4.0 scale.
  - o Cumulative technical grade-point average of at least 3.25 on a 4.0 scale (all math, science and engineering courses)
  - o GPA must be maintained through Spring Semester of Year 3
  - o All grades that transfer to Washington University must be a "C" or higher
  - o At least 60 credit-hours of work that can be transferred to satisfy WashU engineering and general education degree requirements
- The specific admission criteria for each school will be confirmed by the 3+2 Program Director

### Notes:

PHYS 231, PHYS 350, PHYS 371 or PHYS 440 will satisfy Notre Dame's Technical Specialization/Professional Development requirement

PHYS 241 satisfies the Notre Dame requirement for AME 20221 Mechanics I

PHYS 242 satisfies the Notre Dame requirement for AME 20241 Solid Mechanics

PHYS 241 and PHYS 242 satisfies the WashU requirement for MEMS 253 Statics and Mechanics of Materials

PHYS 330 satisfies the Notre Dame requirement for AME 20222 Mechanics II and WashU requirement for MEMS 255 Dynamics

PHYS 350 satisfies the Notre Dame requirement for AME 20231 Thermodynamics and WashU requirement for MEMS 301 Thermodynamics

\*Students are encouraged to take summer courses to relieve the course load pressure during this semester.

<sup>1</sup>Choose one course from each of the Core Requirements listed on the reverse side.

<sup>2</sup> Course may satisfy both a Major and a Core requirement. CHEM 113 and PHYS 113 will satisfy the Scientific Endeavor and Science in Context Core requirements. MATH 129 will satisfy the Quantitative Reasoning Core requirement.

PR Course has a prerequisite – check college catalog.

<sup>&</sup>lt;sup>CR</sup> Course has a co-requisite – check college catalog.
