

ENVIRONMENTAL STUDIES

MINOR CONCENTRATION

A minor concentration requires a minimum of six courses, representing at least eighteen credits, in the minor field of study. In addition, a department may add academic prerequisites or requirements in related fields, but the total will not exceed 60% of the department's major program requirements. Minor requirements are listed under departmental entries. In order to complete requirements for a minor, the student must take the majority of credits in the minor field at King's. Minor areas of concentration (minors) are permitted, but not required.

Monitoring of student progress in pursuing a minor in **Environmental Studies** is necessary to enhance the student learning experience. Therefore, a written declaration must be submitted by the student to the Registrar.

Minor Requirements <i>(6 courses – 20 credits)</i>	Credits
ENST 201 Environmental Science I (<i>Cross Listed as NSCI 100</i>)	4
ENST 202 Environmental Science II (<i>Cross Listed as NSCI 274</i>)	4
Four (4) ENST electives chosen in consultation with departmental advisors from the B.A. course list	12
